BONE MARROW REGISTRY

A young man, a nephew of a couple in our community, is battling a life threatening illness and is in Urgent need of a Bone Marrow transplant. People between the ages of 18-44 are asked to join the Online Bone Marrow Registry and be tested to see if they might be suitable as a bone marrow donor. Please go to WWW.BeTheMatch.Org and register to receive a "cheek swab kit". Please use the swab and return kit. If you are a match for someone who needs a bone marrow donation, a donation of cells from your bone marrow could save a life. This is a very easy process! They send you a package with cotton swabs; swab your cheek and return it in the self stamped package. 1-2-3, it's done! It can save a loved ones life! However, please note that if you have already been swabbed or otherwise tested, there's no need to do it again. You are already part of the national registry. Also note that It is very important to keep contact info updated so you can be reached if you have been signed up and are found to be a match for someone in need of a bone marrow donation. *** They are also looking into cord blood as a potential match. But whatever your age please daven for a Refuah Shelema for Yosef Betzalel ben Rus.
