children. She learned that the average child spends 6.5 hours a day looking at screens. She wondered about the impact of all this time spent on screens and the difficulties that parents and schools face around negotiating screen time. Through stories, insights from authors, psychologists, and brain scientists, "Screenagers" reveals how tech time impacts children's development and offers solutions on how adults can empower them to best navigate the digital world and find balance.

THE CHESSED FUND

We realize there are many requests for Tzedaka, all heart wrenching. However, the rules of Tzedaka are to first help your family, then help your community, then outside the community. Here is a campaign started by longtime members of our community, who are presently struggling with the serious issue of having a family member trying to recover in rehab. They need to raise about \$6,000 a month and rehab can take about a year. <https://thechesedfund.com/cause/> please-help-us-afford-rehab-to-save-our-son. Please open up your hearts and help this local family keep their son in rehab. They have been generous in the past in supporting our community and never thought they would need to ask for themselves. (Please note: Rabbi Kaufman and Rabbi Kaminetzky have reviewed this issue and the great need of the family and encourage all to help in this extremely worthy and lifesaving effort.)
