LOCAL ERUV: The Eruv committee checks the eruv every week. However, if eruv is down, and you didn't check the status before Shabbat, the averah of carrying on Shabbat is on you. It's extremely important to know the status of the eruv before Shabbat start! We have six official

ways of alerting you to eruv's status. Be aware and find out eruv status every week before Shabbat and Chaggim.

· **Twitter:** Eruv's official alerts are sent out via Twitter. Follow @hp_erv on Twitter Get updates about eruv's status as it's been determined.

· **Text Messages:** Don't have a Smartphone or don't want to use Twitter? Get alerts via text. This involves setting up a Twitter account, but once setup, you can ignore your Twitter account. It gives you immediate alerts without Twitter blather.

· **Facebook:** Facebook group @hperuv that gets updated when we update Twitter account. Follow Facebook group (don't just "Like" it), and you'll get alerts about the eruv's status via Facebook.

· **Email:** Go to <http://hperuv.org> and sign up for the email list. The email list checks the eruv's status after 3pm once per hour and sends out an email with updates.

· **Eruv Webpage:** The eruv webpage at <http://hperuv.org> has the latest Twitter feed displayed on the bottom of the front page.

· **Hotline:** Yes, there is still the eruv hotline. However, it's too easy to forget to call when you're busy preparing for Shabbat. That's why we offer push notifications through Twitter, SMS Text messages, Facebook, and email.

We also have new webpage at <http://hperuv.org> with map of exact eruv boundaries, and where you need to be careful about staying inside eruv. There have been some major changes in the eruv in the last few years:

· The eruv boundary is now goes along Plainfield road and not Sutton Lane.

· The Stelton Community Center Playground is now in the eruv.

· Cook/Douglas campuses of Rutgers are no longer in the eruv.

· If eruv around Donaldson Park is down, the playground in Donaldson is no longer in backup. If you weren't aware of these changes, check out the latest Interactive eruv map.

Go to <http://hperuv.org/status> for more info about getting eruv alerts, or contact David Weintraub at david@weintraub.name for help.
